

## What's new in the Heritage City of Ipswich this September.

The latest news and events from around Ipswich

### **New farm experience opens**

The Llama Farm is one of a growing number of farm visit experiences you can enjoy in the Ipswich region but with Queensland's biggest herd of llamas, it's an experience unlike any other.

Visitors can choose a llama to walk with on a lead along a purpose-built trail on the farm which borders the upper reaches of the Brisbane River at Pine Mountain.

Many of this herd of 75 have been born and raised here and so are extremely friendly around humans, which is handy if you're after close-up and selfies.

Farmer Shane Hancock was a city-raised Queensland teacher before buying his first Llama six years ago. He was also an ambassador for Australia Zoo for several years and recently Bob Irwin named one of his young Llama's Chandler after Bindi's fiancé.

Visitors will also see donkeys, miniature ponies, a large flock of peacocks, Chinese geese, turkeys, guinea fowl and two big fluffy white Maremma dogs, Lucy and Lola, whose job it is to guard the poultry.

### **Powercruise is on**

This weekend Powercruise #77 is on.

Powercruise has a huge cult-like following with all age groups from across Australia building dedicated elite cars, and making the trek to this iconic event. Queensland Raceway plays host to Powercruise #77 from September 5th – 8th, with this event shaping up to the biggest one yet!

“Over the three days of on-track action over 800 entrants will take advantage of the event, taking on other like-minded car enthusiasts in a controlled and safe environment”, promoter Micheal Gilbert said. “This is why we created the event many years ago, to give the car owners somewhere to let their hair down and participate in a variety of events alongside their mates”.

### **The World Turns Modern: Art Deco**

A new exhibition comprised entirely of works selected from the National Gallery of Australia collection, provides superb examples of the diverse expressions of Art Deco.

From around the 1920s, Australian artists responded to the international movement towards modernism and Art Deco. Shaking off the austerity of World War I they created images of an abundant nation filled with strong, youthful figures, capturing the vitalism of a nation reborn. Technological advancements and urbanisation influenced the emergence of Art Deco: a new aesthetic in art, architecture, design and fashion.

With its bold, simplified shapes and emphasis on geometry and line, Art Deco provided the right aesthetic for the times. Buildings lost their decorative embellishments, fashion became less structured and corseted, and women were enjoying greater freedoms, such as the right to vote and to travel unchaperoned. The image of the stylish independent woman became popular in portraiture and graphic design. The art also encapsulated the excitement for many people around the potential to travel across continents and internationally.

This exhibition is supported by the National Collecting Institutions Touring and Outreach Program, an Australian Government program aiming to improve access to the national collections for all Australians. Available now until October 27.

### **Queensland's largest mountain biking event**

This month Ipswich will host Queensland's largest Mountain biking event – the Flight Centre Cycle Epic held at the Hidden Vale Adventure Park. The award-winning Flight Centre Cycle Epic is a great mountain biking tradition that began in 2002 with a bunch of mates challenging themselves on a 117 kilometre epic trail ride. In 2003, the inaugural Australian mountain bike marathon started a new era in the sport.

Over the past 16 years, the EPIC has gone through multiple evolutions, most recently due to the 2011 floods which destroyed much of the track infrastructure. The track-building team have worked hard to develop extensive tracks of an international standard – creating rides that cater for different ages and skill levels.

The EPIC weekend now has something for everyone, from the novice riders, runners and walkers through to the professionals of each discipline, offering eight races and several categories to challenge and reward riders and runners alike.

Held at Hidden Vale Adventure Park September 14-15.
