

What's new in the Heritage City this September

### **Reaper Challenge launches**

The Pumpyard Bar and Brewery's Head Chef Shawn has put the call out those brave enough to try the Reaper Challenge. Shawn is always striving to make his menu items the hottest and still taste amazing. He's a native New Yorker and his cooking repertoire has covered everything from high end fine dining, to classic Australian pub fare. His menu showcases his love of southern style comfort food with his passion for BBQ and beer! The challenge, if you can handle it, is 3 reaper sliders, 3 reaper wings and 1 scoop of reaper ice cream – if you can finish it in five minutes you can win a \$30 venue voucher and you'll go on the wall of fame!
