

What's new in the Heritage City this January...

### **Trip the Switch**

It's just over a month away until Ipswich's newest live music event takes place. Trip the Switch was announced back in November with a stellar line up including Icehouse, James Reyne, The Angels, Killing Heidi and more. The event has an extensive Covid safe plan and the venue is so large it can accommodate 27,000 people but the event is capped at 5000 to make sure that everyone is safe. It's an open air venue, there will be precautions in place and people can wear masks if they feel uncomfortable. Also if there is a new lockdown or restrictions on the day then people can hold onto their tickets as the event will be rescheduled or they can request a refund.

Though organisers hope that people will keep their tickets because they want to hold these music events annually bringing great music to Ipswich. Blues Arcadia a local band will start the show and gates open at 12pm on the day with music going until 9pm. Buses will be available from the Ipswich train station, Springfield and the Commercial Hotel in Redbank to the venue.

### **New owner for Elderflower Café**

One half of the Ellen and Rod Café team, Jolie Beckett is now the new owner for Elderflower Café near the North Tivoli nursery. The café will still be dog friendly and will start off with a basic menu while Jolie find staff to fill out her team - including GF banana bread, chocolate brownies, muffins and melting moments. They are stocking Five Senses coffee in 250g and 1kg bags and a purchase comes with a free coffee. She will also be stocking Single Origin coffee in the future.

Ms Beckett said she plans on offering simple, wholesome and classic dishes for breakfast and lunch like eggs benny, burgers and homemade pastries! She has a strong coffee focus having started Ellen and Rod with her previous business partner and now she's striking out on her own, but still bringing with her a love for great coffee.
